## Democratic State Convention.

At a meeting of the Democratic State Central Committee, held in the City of San Francisco, on Thursday, April 18th, it was  
Resolved, That a Democratic State Convention be held in the City of San Francisco, on WEDNESDAY, June 1st, or the nomination of State, and of other officers, and for the transaction of such business as the Convention may then determine.

Delegates to the Convention will be elected in conformity with the following apportionment, based upon the last electoral vote; giving one for each county, one for each two hundred Democratic votes and one for each additional one hundred votes, or over:

Alpine.	2	Sacramento	10	Delegates
Alameda.	5	San Fran'cisco	2	"

The following test for qualification to participate in the primary elections was adopted:

"All voters opposed to the Radical policy of Congress, and in view of the unconstitutional Government of this Union, shall be entitled to vote for delegates."

The Central Committee urgently requests the different County Committees of the Democratic party, to call their County Conventions for the election of delegates at as early a date as possible, and to forward to J. D. Hambleton, Esq., Corresponding Secretary of the State Central Committee, a list of their County Committees—officers and members,

By order of the State Central Committee.

**THE PRIMARY ELECTION LAW.**—This law provides that a notice, in some paper in the county, shall be published, stating the manner, purpose, time, conditions, the place of holding the election, the authority by which it is called, and the name of the person who shall conduct such election, and the qualification of parties asking to vote at the election. The supervisor of election must be sworn to protect the meeting against fraud and corruption, and report the result. Any supervisor guilty of fraud or violation of the law, may be fined \$500 or imprisoned for six months in the county jail, or both. A person offering to vote may be challenged, 1st on the ground that he is not entitled under the call; 2d, that he is not a citizen of the United States, a legal resident of the precinct, or that he has voted at that or some other place during the day. Unless the objection be withdrawn, the supervisor of election is required to swear the voter and question him in all matters relating to the challenge. The party making a false oath is deemed guilty of perjury, and may on conviction, be punished for that crime. Voters must be entitled to vote at the State or county election next following the Primary, in order to entitle them to vote. These are the leading provisions of the law, and show the duty of the supervisor of election and the rights of parties entitled to vote. It will be easily seen that under it a voter must be a registered citizen, as that is now made by general law the evidence of citizenship. He must be a resident of the district in which he offers to vote and entitled to a vote at the September election, and also a supporter of the propositions embraced in the call of the party at the Primary of which he claims a vote.

**VERY NICE.**—We notice that in the call for a County Convention in Nevada, and one or two other counties, the Radical Co. Committees have made other tests than the one recommended by the State Gen. Committee. In Nevada, parties who attempt to vote at the primaries, must, if the vote is challenged, swear to support the nominees of the Convention, else they cannot cast their vote. The primary election law is a mighty good thing for some people, who are candidates. Wonder why the Gen. Committee of this county did not adopt the Nevada county test! It would have had a good effect, for every man who voted at the primaries under such a test, would virtually swear to support the nominees of the Convention. Perhaps the Committee considered it in that light, anyway, who knows?

**IT** they do not like the editor of the *Re*-cord, they have his permission to go to the devil, as the first instalment from California of Daestick's whisky guzzling, poker playing, Johnson office holding, Congress supporting, "Dampfhoels."

## Democracy Looking Up.

Democracy is looking up, in California. There's no use of Radicals or Negroites dodging, twisting, or squirming, from this proposition, for such is the fact. It only requires a united and proper effort, on the part of the Democrats, to prove this assertion in September, and prove it to the perfect rest of the Amalgamation party. The people of California, the sovereigns of the land, have neither Negro nor Chinese on the brain, and they cannot be made to vote for those who have, let them sugar-coat the dose as they may. The specious cry of "loyalty," cannot draw to the ranks of the Negroites, those who have no idea of taking to their arms the American citizen of African "scent," as a full brother and worthy associate for social hobnob, teatle *tete*, parlor companion and political fugleman. Neither will this same cry call in to the Negroite fold, those who have no disposition to swarm the State with John Chinaman, to elbow them out of the fields of labor, places of profit and avenues of subsistence. The charm will not take; the white will not be answered; the "loyal" cry will be sent forth upon the air in vain; our opponents in the coming canvass, must come down to reality. Negro is flaunted upon their banner; John Chinaman sits at his elbow; inside, outside, everywhere, these two new-born spirits figure in bold relief as part and parcel of their armorial bearing; and here the Democracy intend to meet them and do battle. We claim with Douglas and all Constitutional men, that this is a white man's Government, made for white men and their posterity forever, and it is no wonder that our party is looking up, that our ranks are thickening, that the past is being given to the past, that people's minds are taking hold of the present and the future, and that right and might are about to assume mastership over what was simply "might." We give notice to our opponents, that they are to be treated to a merry conflict; and to Democrats we say, bestir yourselves, register your names, discuss politics with your heretofore blind neighbors, subscribe for Democratic papers, loan them to your associates of the other side, and prepare to strike; for striking is but the prelude to victory. The golden apple is already in our grasp—it needs but the will to pluck it—Democrats of California have had a long, trying, and wearisome pilgrimage, but, thank fortune, the night is past, their ranks are thickening, their party prospects looking up, while the dark form of Radicalism goes halting and tottering to its grave.

The above, which we clip from the California Express, is but a fair sample of the inspiring tone which pervades all of our Democratic exchanges in this State. That determined energy, which in times past contributed so largely to the uniform success of the Democratic party, is now welling up in the hearts of the conservative masses of our State, in a manner which promises the most glorious results this fall. How can it be otherwise. The issues which of late years divided and distracted the Democracy, are entirely ignored. The Radicals have thrown the past to the winds. They do not ask whether a man favored secession or coercion; whether he fought for the Union or against it; whether he was a Democrat or Republican,—not what he has been, but what he is now. They have attempted to remodel the glorious old ship of State. They are attempting to strike the word white from her political chart; adopted a negro for her figure-head, and with a corrupt Congress at her helm, ask only those who approve their work to take passage with them to that political haven where distinction of race and color are known no more for ever.

The result is, the broken ranks of the Democracy are fast closing up. Recruits are pouring in from among those who throughout our late struggle acted with an eye single to a fraternal Union, under a white man's government, and before their thus augmented and augmenting hosts, the backers of Negroes and Coolies must and will go down. Democrats of Plumas county, you have an important part to perform in this contest. Whilst these new and radical issues are dividing and distracting our enemy, let your every act and word be with an eye single to the advancement of your party. Let no individual ends or selfish ambition mar in the least that unity of feeling and purpose, which is so essential to your success. But do your duty, wisely and discreetly, and there will not be left enough of the Radical party in Plumas county, after this election, to even remind one of its present pretensions.

**SUCH IT.**—The Examiner states that the proprietors of the Lick House tavern in San Francisco, are so extremely loyal to the negro-worshipping party, that they will not allow Democratic papers in the reading room of their house. This action on the part of the proprietors, is a plain notice to Democrats and Conservatives that their patronage is not wanted, and that every one of them who put up at the Lick will be considered as an interloper. Remember this, Democrats when you visit the Bay City, and shun that house as you would a small pox hospital. The Examiner also mentions another public house in that city, the proprietors of which refuse to allow Democratic papers to be placed on file in the reading room. We always supposed that the proprietors of the house last referred to were gentlemen who had too much common sense to countenance such a fanatical course. If the Examiner is correct, however, we hope that every Democratic paper in the State will give it the benefit of a notice such as it deserves. We agree with the Examiner when it says that "houses that are too exclusive for Democratic newspapers ought to be too exclusive for Democrats, and we hope these two will be so regarded in the future."

**GO IR.**—In reply to the attacks of a few of the Radical papers upon the Butte Record, the editor of that paper says:

If they do not like the editor of the *Re*-cord, they have his permission to go to the devil, as the first instalment from California of Daestick's whisky guzzling, poker playing, Johnson office holding, Congress supporting, "Dampfhoels."

**INANE.**—The Record states that an Italian from Plumas county passed through Oroville a short time since, on his way to the Insane Asylum, at Stockton. The Record does not state who, if any one, had him in charge.

## Telegraphic Summary.

Extensive warlike preparations are going forward both in France and Prussia, and troops are being quietly marched to the frontier. War is regarded as imminent.... A fatal disease, termed meningitis, has prevailed for some time past in various localities in Long Island. It attacks persons of robust health generally, and is fatal in forty-eight hours. The membranes of the brain and spinal cord are inflamed, and the whole muscular system is subjected to strong contraction, stupor follows, and the patient sinks and dies.... The Herald's Washington letter says, should the application of Mississippi fail, or the Supreme Court delay action too late, Sharkey proposes the indictment and arrest of Gen. Ord for treason against Mississippi. Such proceedings he thinks, will compel a final determination of the issues. If the Court will entertain the case, he has no doubt of the result; but thinks it is inclined to avoid the responsibility of deciding the case on its merits, or will defer the decision till the mischief is consummated, by the complete overthrow of the Southern States.... The Savannah Republican says the horrors of St. Domingo have been reproduced in Southern Georgia. In one county two negroes were sentenced to be hanged for murder, and three others to be sent to the Penitentiary. A negro mob stormed the jail and allowed the prisoners to escape.... Four persons were lately bitten by a mad dog in Chicago. Two negroes were arrested in that city while driving an express wagon containing five human bodies just resurrected from the cemetery.... The hearing on the Georgia injunction case was to have been had on the 26th. Charles O'Connor was satisfied that the injunction would issue, although there were conflicting reports as to its fate.... Great destitution is expected to result in Louisiana from the breakage of the levee and the inundation of plantations.... It is estimated that 100,000 persons in S. C. are without meat. There had been several deaths by starvation.... Rumor says negotiations are pending with England for the purchase of the western portion of British America, including Vancouver Island. Turning in the Alabama claims as part payment, insisted on by Mr. Seward, is said to be the only difficulty in the way.... There are three candidates for Gov. in the field in Kentucky.... The N. Y. It shows his ignorance of the conspiracy to assassinate, but complicity in the plot to abduct Lincoln.... There is great excitement in Canada in regard to the gold mines in the Madoe district. Claims are sold from \$5 to \$5,000.... The liquor law is now strictly enforced in Maine. A grocer was arrested and fined for selling a glass of new cider! [Our Down-street friends are becoming as fanatic in temperance as they are in politics, and will soon hang a man for running round a sour apple tree].... London papers say the Amer'c display at the Paris Exposition is very creditable, as compared with other nations, especially Italy and Prussia.... The U. S. Senate had dwindled to less than a quorum, on the 20th ult., and adjourned without filling all the vacancies.... Senator Wilson addressed a large crowd at Orange Court House, Va., recently telling them that in a year the North would give the negroes suffrage, and confirmation might follow if the Reconstruction bill was not accepted. [None but cowards insult the conquered or the defenceless!].... Gen. Hancock's command was at Fort Larnder, on the 20th, unable to move, owing to the exhaustion of forage. Eleven thousand Indian warriors were encamped between Forts Phil Kearny and Smith, waiting for the grass before commencing hostilities.... The Missouri was higher, on the 21st, than at any time since 1844, and still rising. Two miles of the Pacific Railroad, near Wyandotte, was abandoned—the Omaha U. P. R. was submerged, and would be impassable for several weeks.... It is reported that a demand will soon be made on President Juarez for territory on both sides of the Colorado river, to give Arizona part of the Gulf of California, and that the cession of the peninsula will be asked as soon as Maximilian leaves.... A plan for the solution of the Luxembourg question has been submitted by the other Powers, which France is willing to accept, but Prussia had not replied.... The citizens of Raleigh, N. C., have raised a subscription to erect a monument over the grave of the President's father.... The South Station, nearly 300 miles east of Denver, was destroyed by the Cheyennes, on the 28th, and 8 employees of the U. S. Co. were scalped.... The loss to the U. S. Int. Rev., by the overflow of the Mississippi, is estimated at between 8 and 10 millions of dollars.... Puebla was taken by assault, on the 2d ult., after two demands for a surrender. Diaz, the Liberal Commander, lost 2,000 in killed and wounded. The Imperialists lost all their officers down to the rank of Lieut. [Shot after the capture, probably] 2,000 men and a battery were sent to assist in the attack on Vera Cruz.... The Republicans elected a majority of Delegates to the N. Y. Constitutional Convention.... Sanford Conover has been sentenced to the Penitentiary. [Holt and others ought to accompany him].... The Black Buzzard of Nevada, N. C., is going on a political tour in the South.... Six ladies and one man were recently drowned in the James river, near Claremont, by a boat capsizing.... Wilson addressed a large audience at Fortress Monroe, on the 23rd. He said there would be no impediment to Southern representation, as the first instalment from California of Daestick's whisky guzzling, poker playing, Johnson office holding, Congress supporting, "Dampfhoels."

## Wagon Road Report.

### To the Oroville & Beckwourth Pass Wagon Road Company:

GENTLEMEN.—At your request I have examined the country of the North Fork, and also the Middle Fork of Feather River, with the view of determining the best location for the line of the proposed wagon road from the town of Oroville in the county of Butte, to Beckwourth Pass in the Sierra Nevada range, in Plumas county. As the result of my examinations, I have located the line on or near the waters of the North Fork; to the head of Spring Garden creek in Plumas county, and to this point I consider it quite impracticable for a wagon road, and from the general topography of the country, I would judge the next twenty miles to be similar to that I had passed over. The greatest obstacle to a road is that of the steep rocky canon through which the river flows. Perhaps the most formidable is that at Bald Rock, 22 miles above Oroville. Bald Rock canon is about four miles long, and appears as a cleft in the solid granite, and is impassable for a footman. In building a road up this canon, it would be necessary to blast through the solid granite, and in taking the line above the canon, the highest point of which (Bald Rock) is about 1200 feet—it would require a grade of 16 inches to one rod, for a distance of 4½ miles. The main stream is very meandering, and the country on either side much broken by rocky streams putting down to the river forming gorges in the hill which alone would render almost impracticable the idea of a wagon road. The snow on the summit of Bald Rock, I found on the 2nd of March to be twenty inches deep; at the mouth of Willow creek, near Hartman's Bar, a point 43 miles above Oroville, it fell during the storm of February, 23, and at Nelson Point 3½ feet.

In comparing the relative merits of the countries of the North and Middle Forks, in view of a wagon road from Oroville to Beckwourth's Pass.

I find the latter to be six miles shorter, but in

every other respect the North Fork has every advantage.

The hill on either side of the Middle Fork is very steep, consequently land and snow slides are numerous, which would render difficult and expensive the building of a substantial and a safe road, while on the North Fork there are

no steep hill-sides, and not a single land slide on the whole line.

The snow on the M. F. falls to a depth of from 2 to 2½ feet more than on the North Fork, and lies a greater length of time.

There are already twenty miles of road on the line located, through valley land, more on the Middle Fork.

There are no impassable canons on the line of road on the North Fork, while on the whole line.

The bed of the stream of the Middle Fork appears to be one continuous canon from Rynhart's Bar to the foot of Bald Rock, a distance of over 20 miles.

The distance on the line of road, as located, from Oroville to Beckwourth's Pass, is as

before stated, 115 miles, the distance along the Middle Fork, 109, showing a difference of six miles.

I have been as brief in this report as possible.

When a more detailed survey is made, I shall be

able to lay before you the probable cost of

building the road, the accurate grades and other

information that may be interesting.

## LOCAL ITEMS.

MEETING.—The Democratic County Central Committee will meet in Quincy on Monday next.

DIVINE SERVICE.—Rev. Mr. Sipes will preach in the Court Room to-morrow, Sunday, at 1 o'clock, P. M. After the conclusion of the services, the Bible-class will meet.

REGULAR MEETING.—The Board of Supervisors will meet at the Court House on Monday next. The law requires the Board to appoint Overseers of Road Districts at the session in May.

ACCIDENT.—We learn that Mr. Clinch, one of the owners of the New York claims at Saw Pit, was severely injured, one day last week, while at work in the tunnel, by a large mass of earth caving in and falling upon him.

MOUNTAIN HOUSE.—The owners of mining claims in the Mountain House district are making preparations to commence work in their claims. It will be one of the best mining seasons the miners in that locality have had for several years.

DENTISTRY.—Dr. Dempster returned to Quincy, on Tuesday last, and intends to remain here during the present season. All who require the services of a good Dentist, can find the Dr. at his Office in the Plumas House.

MUCH AS EVER.—Reports from Indian Valley state that the Valley is still covered with water. Communication with Taylorville from the different portions of the Valley is cut off, and the farmers as unable to plow the ground and otherwise prepare for the season's crop.

GOOD TIME.—Garland's stages make the trip through from Oroville to this place in two days. He runs sleighs between Buck's and Buckeye, and coaches over the balance of the route. In a short time he intends making three trips per week. A great improvement has been made upon the route below Buckeye.

PIC-NIC.—On Wednesday last, May 1st, a party of men, women and children assembled in a grove about a mile from town, near the residence of Mr. Yeates, where they had a splendid lunch, engaged in various amusements, and had a good time generally. A hop at the Plumas House, in the evening, where as usual our mountain lasses were radiant in beauty, closed the festivities of May-day.

SCALDED.—On Friday, of last week, at Taylorville, a little child, daughter of E. W. Taylor, was severely scalded by falling into a tub of hot water. The child's mother had brought the water into the room for the purpose of washing the windows, and had stepped into the kitchen to get some cold water to cool that in the tub, and while she was absent, the child fell into the tub. Fortunately the tub was a small one, and but a portion of the child's body could touch the water, thereby saving it from being scalded to death.

THE BOUNDARY LINE.—A Deputy Surveyor General of the State, with a party of men, has, during the past two weeks, run and established the boundary line between Plumas and Sierra. We learn that, by this survey, Plumas gains considerable more territory than was embraced within the lines of Keddie's survey, made last year. Under this new survey, we are informed that all of Port Wine, Slopey and Queen County are embraced within the limits of Plumas county.

ORGANIZED.—A Band of Hope was organized in this town on Sunday last. The Order is intended especially for children, and the conditions of membership are, that they will abstain from the use of tobacco, liquors, &c., and also that they will not use profane language. Grown persons are not prohibited from becoming members of the Band, and we hope to hear of large numbers of our citizens taking the pledge and entering their names as members of the Order. At the organization of the Band, Mr. Gear was elected Chief Officer. Rev. Mr. Sipes Chaplain, and J. Plunkett Secretary.

ORANGES.—Few of our mountain dwellers are aware that within a day's travel of the eternal snows upon our mountain tops, the orange tree blooms in tropical luxuriance and beauty, and yearly bears its golden fruit! Yet such is the fact. By the politeness of Mr. Ketchum, of Bidwell Bar, we received an orange recently, of a good size and excellent flavor, grown in his garden at that place. The tree upon which it grew has been bearing fruit for several years. The fact shows the geniality of the climate in the foot-hills, and what can be accomplished there pomo logically by industry and perseverance.

ACCIDENT.—On Monday last, Mr. B. Coburn of this town met with a slight accident, which he says was the result of carelessness on his part. As a usual thing, "Uncle Ben" cannot be charged with carelessness; but in this instance he pronounced judgment against himself, and as a matter of course, we shall not attempt to contradict him. He had driven his team into the yard for the purpose of putting the horses into the stable, and had, as he supposed, unfastened all the straps and traces before he attempted to lead them away; but, unfortunately, he had neglected to unfasten one of "Paddy's" traces. When the horses started, "Paddy" found out that something was wrong, and commenced running. The wagon pole swung around suddenly, and tripped Mr. C. up. He fell and the wagon ran over him. A large gash cut in his head, by one of the wheels striking it, and a few bruises, were the extent of his injuries—none of which were sufficient to prevent him from going to work the next day.

THE RESULT OF AN EXPERIMENT.—Mr. L. B. Cotterell, who got lost in a snow-storm in February last in going from Buck's Ranch to his home on Willow Creek, and was so badly frozen that after his arrival in Quincy the Doctors thought it would be necessary to amputate a portion of each of his feet, has for the past ten or twelve weeks been under the charge of a Chinese Doctor, who pretended that he could cure the feet in 6 weeks, and without their being amputated. But on Thursday last, the Chinaman concluded that he had attempted an impossibility, gave up the job, and left town for his home at Silver Creek. He left Cotterell's feet in about as bad, if not worse, condition than they were at first. After the Chinaman's departure, Drs. Vaughan and Gage examined the feet, and found that it would be necessary to amputate them immediately, which operation was successfully performed yesterday by the latter. Had the course recommended by them been adopted at the first, Mr. Cotterell would by this time have been able to walk; as it is, it will be two or three months before he can do so.

We presume that the favor among some of our citizens to employ Chinese doctors, will not be very great hereafter.

FATAL SHOOTING AFFRAY.—At Greenville, on Sunday last, the 25th ult., a fatal shooting affray took place, in which a man named Amos Young was shot and killed by Seneca Carroll. The particulars of the affair, as near as we can learn—for there are several versions about—were as follows: Carroll had located a town lot in Greenville, upon which he had placed a quantity of lumber, with the intention of making improvements upon the lot. Mr. H. C. Bidwell either claimed the lot himself, or claimed that it was a portion of the public street, and that Carroll had no right to it. On the morning of the day above named, Bidwell ordered Young and a man named Pete Smith, who were working for him at the time, to remove the timbers. They went out to do so, and were packing away a stick of timber, when Carroll came up and ordered them to drop it. Smith complied with the order, and put his end of the stick down. Young was thus compelled to do the same with his. Angry words were passed between Young and Carroll, when Young struck at Carroll with a handspike, but failed to hit him. Carroll backed off, and Young dropped his stick and caught Carroll by the throat, or coat collar, and had his arm raised to strike, when Carroll, who had a pistol in his hand, put the muzzle close to deceased's breast and fired. Young lived but a short time after he was shot. A Coroner's inquest was held upon the body, and in their verdict the jury justified Carroll in the act. At Carroll's request, an examination was afterwards held before Esq. Abbott, and he was discharged. The deceased formerly lived at Rich Gulch in this Co. He enlisted, in '61, in Capt. Whitlock's Company of Volunteers, and served in New Mexico and Arizona for three years. When the Company was disbanded, he returned to Plumas and has been residing near Greenville ever since. He was a single man, about 28 years of age, and was a native of Maine, where we believe his parents still reside. Carroll once taught school in the Valley, but has been living at Greenville for the past two years.

CANDIDATES.—In our last issue, we promised that we would give a list of the candidates spoken of as willing to receive nominations at the Radical Convention of this county; but to give a complete list, we would be obliged to publish the names of nearly one half of the members of that party in the county. For the office of Sheriff, there are eight straight-out candidates, and about sixteen more who stand ready to allow their names to be used as compromise candidates. For Clerk, there are but three or four aspirants; and for District Attorney, but two. For Co. Treasurer, we hear of two or more candidates from nearly every precinct in the county. For Assessor, there is any quantity of candidates willing to accept the nomination. As a matter of course, the applicants for the nomination for Surveyor, Coroner, Public Administrator &c. are not as numerous as for the other paying offices.

LOGUE OFFICERS.—The following is a list of Officers elected on the 30th ult., by the Taylorville Lodge of Good Templars: G. W. Boyden, W. C. T.; Rosella Hayden, W. V. T.; E. W. Taylor, W. S.; James Burge, W. F. S.; R. C. Haydon, W. T.; J. B. Brown, W. M.; William Hardgrave, I. S. G.; Geo. Cornell, O. S. G.

On Saturday evening, the following Officers were elected in the Home Sweet Home Encampment No. 4, Taylorville: G. Boyden, E. C. Jas. Burge, S. W.; E. W. Taylor, J. W.; R. C. Haydon, T.; Geo. Cornell, S. C.

The following Officers were elected in the Taylorville Division No. Sons Temperance: E. W. Taylor, W. P.; Ellen Magrath, W. A.; E. P. Grubb, W. S.; Mary Wilbert, W. A. S.; J. Corneilus, W. F. S.; D. P. Whitney, W. T.; D. P. Wilbert, W. M.; J. G. Wilbert, W. A. M.; John Quinn, W. I. S.; G. W. Hodgkins, W. C.

REDEEMED.—Mr. E. W. Judkins has redeemed the Pennsylvania Quartz Mill formerly owned by Trucks & Waterworth, which was sold at Sheriff's sale, several months since, the right of redemption having been assigned to him by Messrs. T. & W. The amount paid to redeem the property, was about \$5,000. Mr. M. Aschheim, owns the Pennsylvania Quartz Ledge, and had purchased the judgment, under which the Mill was sold, of Mr. Young, and intended to work the Ledge and Mill himself, but "Jud." interfered somewhat with his calculations. It is reported that the owners of the Mill and Ledge will go "co-hoot" in working the Ledge and running the Mill.

COUNTY CONVENTION.—At a meeting of the Radical Central Committee of this county held on Saturday last, it was ordered that a County Convention for the nomination of Co. officers be held at Quincy on the 4th day of June next. The primaries will be held Saturday, the 2nd of June. The Committee recommend that they be held subject to the provisions of the law passed by the last Legislature governing primary elections. The test recommended by the State Central Committee was adopted, and no person who does not endorse the whole programme of the Rump, will be entitled to vote at the primaries.

ANOTHER ACCIDENT.—On Tuesday last, while Messrs. J. B. Butler and J. McCord were at work piping in their hydraulic claims on the hill near Junction Bar, East Branch, a large cave came in very suddenly, and completely buried Mr. Butler under it. Mr. McCord was also knocked down, and the pipe which he was holding was turned in such a manner that, before he could reach the place where his partner was buried, the stream had uncovered him. One of Mr. B's thighs was broken, and he received other severe bruises. He was hurt but little. A messenger, sent out for a surgeon, met Dr. Vaughan at Spanish Ranch, who went down immediately and dressed the fracture.

SCHOOL EXAMINATION.—A large number of our citizens attended the Examination of Miss Slaven's School, at Robinson's Toll House, on Friday last, who report that the exercise proved that the pupils had made great proficiency under the instruction of their Teacher. Miss Slaven has always had the reputation of being one of the best teachers ever in the county.

A Ball was given at the Meadow Valley House in the evening, which was well attended and passed off pleasantly.

NEW DIREC.—Messrs. McClellan & Co., of Greenville, have several men at work digging a ditch to convey water from the North Canon to the new diggings which were discovered a short time since in the hill between the site of the old Buckeye Mill and Greenville.

ARRIVED.—The castings for Judkins & Kellogg's Quartz Mill at Round Valley have been received at the Mill, and will be put in place immediately. The owners expect to have the Mill in running order within 30 or 25 days.

SOLD OUT.—Mr. G. S. McLean, of Jamison City, has sold his Store and stock of goods to Messrs. Schiede & Bros., of Gibsonville.
